

## About Your Physician

### **Derrick Williamson, D.O.** Family Medicine

Dr. Williamson takes a well-rounded approach to family medicine and patient care. He emphasizes a holistic approach, which includes attention to ensuring both patient and family are treated with the concern and respect they deserve. Dr. Williamson treats patients running the gamut from school age care to the special needs of the elderly. He is also skilled in sports medicine. Dr. Williamson offers a well-structured weight control program and handles workman's compensation patients, personal injuries, and medical evaluation examinations. He can perform many diagnostic tests in his office for his patients' convenience.

Dr. Williamson received his medical training from Michigan State University's College of Osteopathic Medicine and did his postgraduate work with the Michigan Osteopathic Medical Center, the Children's Hospital of Michigan and Providence Hospital.

Dr. Williamson is affiliated with Botsford Hospital and HealthMatch.
